AN IMITATION SUBSTITUTED FOR RUSSIAN SABLE CLOAK

By Associated Press.

San Francisco, Jan. 22.—Charles S. Neal, administrator of the [illegible] estate, in an interview today stated that the stories to the effect that the personal effects of Mrs. Charles Fair who was killed in an automobile accident with her husband in France last year had been [illegible] and that garments and valuable [illegible] of jewelry had been replaced with imitation substitutes is not wholly true. Mr. Neal said that a Russian sable cloak said to be one of the most valuable in the world, was replaced with an imitation cloak not worth over $[illegible] Where and how the substitution [illegible] Mr. Neal is unable to state.

[illegible] consul [illegible] Mr. and Mrs. [illegible] storage receipt was found [illegible] for the sable cloak.

Mr. Neal says that Charles Fair in his life [illegible] the victim of a gigantic swindle [illegible] the hands of [illegible] When the jewels of Mrs. Fair [illegible] an expert announced [illegible] supposed to be a very valuable string of pearls and [illegible] imitations.

Several small and [illegible] valueless pieces of jewelry [illegible] missing but it is thought they [illegible] lost and not stolen.

ARIZONA LEGISLATURE OPPOSES JOINT STATEHOOD

By Associated Press.

Phoenix, Ariz., Jan. [illegible]—The Arizona Legislature today [illegible] the following concurrent resolution:

[illegible] the [illegible] of representatives of the legislative assembly of the territory of Arizona both concurring that the proposed union of New Mexico and Arizona and their joint admission [illegible] is inimical to the interests of the people of Arizona and we emphatically oppose that proposal and

[illegible] further resolved that a copy of this resolution be transmitted to Hon. Marcus A. Smith and to Senator Quay with our urgent request to oppose such union and promote the passage of the omnibus bill.

[illegible] WITH SENATE ACTION

Sentiment of the State Crystallizing Against the Dishonesty and Futile Methods.

Democrats in Another Pretended Joint Session Failed to Elect Teller—Evidence That Democrats Are Beginning to Be Convinced of Uselessness of Continuing the Attempt.

Special to the Gazette.

Denver, Jan. 22.—The so-called joint session [illegible] at a late hour tonight took a recess until 10:30 tomorrow [illegible] Representative Kelley, who mysteriously disappeared this afternoon, being still absent and all efforts to find him having proved in vain.

The representatives within [illegible] and the Democratic senate [illegible] continuous performance of holding possession of the [illegible] chamber for the second time [illegible] to elect Senator Teller [illegible] successor had utterly failed.

Even that portion of public opinion which condoned the arbitrary unseating of two duly elected members of the senate [illegible] would cause Teller's election now that the [illegible] is demonstrated, join in the condemnation of the methods.

As a proof that the Democrats themselves are convinced of the uselessness of prolonging the contest in a Democratic joint session, they tonight offered to resume sessions of the legal senate on condition that the Republican house should punish Kelley for his [illegible] by unseating him and seating his Republican contestant, thus making the vote on joint ballot 50 to 50. This proposition was rejected by the Republicans for two reasons, first that the Democratic joint session has no legal standing and hence Kelley is not in contempt; second that the [illegible] basis of agreement [illegible] be restored [illegible] deprived of their seats [illegible] Republicans [illegible] reinstated [illegible]

Tonight the [illegible] Republicans [illegible] of the state [illegible]

These pledges [illegible]

No [illegible] unseating of duly elected [illegible]

No vote for [illegible] United States senator.

A conservative [illegible] state.

Special to the Gazette.

Denver, Colorado, January [illegible] Kelley's [illegible] has been used on many an occasion but never until today has it been recorded that it was taken seriously and obeyed literally by a member of the law-making body of a great American commonwealth.

At 11:45 this morning 15 minutes before the Democratic joint session was to be called to order to vote for United States senator, Representative Kelley of Montezuma county was seen in the capitol basement talking to a friend. Fifteen minutes later his name was called in the joint session and he failed to respond. All efforts to find him since then have proven of no avail. The general supposition is that the friend to whom he was talking thoughtlessly made use of the expression and Kelley, thinking the [illegible] was meant as a command [illegible] His taking a toboggan at this time would be of no particular moment were it not for the fact that he took with him a bunch of the best laid plans of [illegible] politicians and thereby spoiled the second day's performance of the [illegible] United States senatorial election circus.

Ever since Senator McGuire walked out of the Democratic joint session yesterday the leaders of the party have been working every minute to get together on someone and have them [illegible] votes cast for that person in today's session hoping that [illegible] would be called legal. Just before the joint session was held a caucus of the Democratic members was also held at which Adams, Hughes, Thomas, O'Donnell, Patterson, Montgomery [illegible] and Teller all addressed the meeting urging unanimity. When the caucus broke up it was announced that Mr. Teller would receive [illegible] but a moment later Representative Kelley was gone and no quorum was present. There is a general impression that there is an Ethiopian in the Democratic political woodpile and that Kelley is only carrying out his portion of the program the same as McGuire did yesterday to prevent the election of Mr. Teller.

The sun was not up this morning when the Democratic [illegible] began filing into the state house past the line of guards into the senate chamber where the Democratic senators were just beginning to awake from their third night's sleep on the benches and improvised cots in the room and the preparations for the day's program were begun. Among those first to arrive were Teller, Patterson, Hughes, Adams, Thomas and Montgomery. They carried with them a cart load of legal documents [illegible] decisions and opinions on similar proceedings as had been held yesterday. The men were of the opinion that the joint session was legal and if someone could be united upon and receive [illegible] votes today he would be elected but the trouble was to unite on some one person.

The Democratic senators who were thus rudely awakened acted as though they had been up late the night before and they did not care to be disturbed so early in the morning. But after a few drinks of coffee along with an improvised breakfast they settled down and paid some attention to their visitors and steering committee. At a little after 10 o'clock the Democratic members of the house began to [illegible] in one of the rooms off the house chamber. Some of them were opposed to another joint session. While they were yet in caucus a message came to them from the Democratic senate that the party leader wished to meet the Democratic legislators in caucus in the senate chamber and the house Democrats went over.

Caucus Chairman Ward presided and speeches were made by all the leaders present, Thomas, Adams, Hughes, Montgomery and O'Donnell all referred to the Democratic pledges made for Teller last fall and advised the members to stand by those pledges. Senator [illegible] talked at length. He did not withdraw from the race but did state that the party was paramount to the man and if all could not support him he hoped they would find someone for whom all could vote. Each of the speakers dwelt at length upon the validity of such an action and all expressed the thought that the election accomplished would be legal. The doors were [illegible] the own epr [illegible] the end of the [illegible] the joint session [illegible] called to order by President Pro Tem [illegible] The roll [illegible] disclosed the fact that Representatives Middle[illegible] and Kelley were absent. [illegible] Middleton came in [illegible] Kelley was the only absentee. Senator Bush explained that there must be [illegible] members voting [illegible] resolution ordering the sergeant at arms to bring in the absentees prevailed and that officer was sent after the member. He supposed they wanted any member of the legislature so he darted around the corner and soon returned with a couple of the Republican senators whom he found napping inside of the Democratic guard line and who were too much amused and surprised at his audacity to refuse to accompany him but who did refuse to vote when their names were called. This still left only [illegible] members voting and the sergeant at arms was instructed to find Kelley. At a late hour this evening he was still looking for him. All kinds of rumors [illegible] what had become of Kelley were [illegible] circulating and a rumor would [illegible] come [illegible] before the [illegible] was conclusively proven that Mr. Kelley had been kidnapped by both factions of the Republican party by the state chairman of the Populist party, that he was imprisoned in the house chamber, that he was [illegible] and a statement of the [illegible] that he was seen going east over the Burlington and also south on the Santa Fe and every other means imaginable was brought into use to prove his whereabouts.

During the first half hour of his absence the time was [illegible] number of the members [illegible] would vote to [illegible] because the party leader had said it would be legal and they [illegible] willing to vote if the leader would assume the responsibility for any [illegible] takes.

As the afternoon wore [illegible] crowded condition of the hall [illegible] began to tell on the [illegible] the doors were opened, allowing them to get out into the halls for fresh air. At [illegible] this evening it was decided [illegible] the vote [illegible] Teller receiving is the same [illegible] All present, including Senator McGuire, voted for him, the others being out for supper. It was [illegible] decided to remain in joint session continuously until tomorrow [illegible] some one receives [illegible] votes during the interim. Another supply of cots and blankets was sent for and the [illegible] prepared to spend the night together. Many were the remarks [illegible] the plans of electing United States senator [illegible] Kelley as the members of the [illegible] passed into slumberland.

Armed guards [illegible] at the state house [illegible] the senate chamber has had [illegible] between a long line of [illegible] guards [illegible] police [illegible] doors and finally into the chamber. It has been guarded so completely, though it were a United States vault. The attempt [illegible] house [illegible] was frustrated but the house authorities on guard and that room has been guarded ever since. A relay of specially appointed sergeants at arms [illegible] the inside of the room and very door is kept locked and a curtain stretched across every window so it is impossible to even look into the room. House members wishing to get their mail or other belonging [illegible] at the front door where an attendant takes their order through the keyhole of the [illegible] between the double doors and the same is filled by passing their mail out through a small opening at a side door into one of the cloak rooms.

Not wishing to be out of fashion the Republican senate today decided to protect its chamber. So a guard of three men was placed at the outside entrance to the hall leading to where the senators meets. All efforts to get past this picket failed. The senators say they are guarding their journal and other valuable papers in order to use them as evidence if necessary.

The most ludicrous part of the whole proceedings is the using of the senate chamber by the Democrats as a bedroom. They are so [illegible] that the [illegible]

STEINWAY & SONS PIANOS

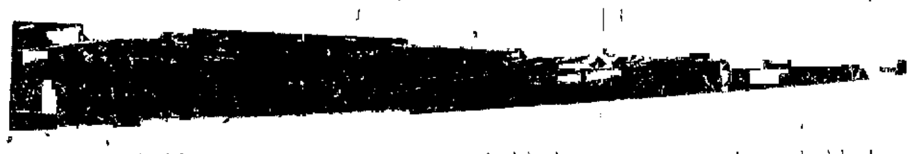

W [illegible]

[E]ditorial Comment in [THE MUSICAL COURIER] EXTRA, of New York City, issue of Dec. [2]3, 1902, concerning the unique position in the World of Music of ST[EI]NWAY & SONS PIANOS.

"No matter what may be said in reference to the piano trade and the piano industry on both sides of the ocean, it is generally and universally accepted as a truism in the musical communities on both sides of the ocean, and also in the piano trade of the world, that the firm of Steinway & Sons is an institution which in its tendencies and its methods gives the cachet to the piano industry and high grade instruments. What the house of Steinway & Sons does is followed with the keenest consideration and investigation."

"In considering the Department House proposition I have kept in view the fact that the Steinway piano is of its own kind, a product which is in many directions entirely different and distinct from pianos as they are generally treated. It is a peculiar state of affairs which has arisen in the piano world. The Steinway house has centered itself in New York, and from this point has spread itself all over the globe. It has adhered to certain resolutions in its business that have given it a powerful position and an influence that radiates throughout the whole musical and piano world. Every manufacturer of high grade pianos, every manufacturer with artistic and musical aims and purposes, is compelled to look to the Steinway piano and to the Steinway firm as a kind of model for impressions."

[To uph]old Steinway pianos is to uphold the piano art. To uphold the Steinway piano is to uphold all high grade pianos, and to uphold Steinway & Sons in their efforts and ambitions to continue in their magnificent career in artistic piano creations and productions is to help the whole high grade piano industry of the world. Only the broadest view can be applied to this proposition. There can be no envy or feeling of jealousy except on the part of those who do not appreciate the wonderful position acquired by the American high grade and artistic piano through Steinway & Sons."

Cadets Preparing for [illegible] Features of Coming Ba[ll]

Major Be[illegible] High school cadets [are] helping [illegible] drills with the squad of [illegible] commissioned officers that is to execute the fancy drill [illegible] at the [illegible] High school [illegible] ball [illegible] which [illegible] at the Antlers on the evening of [illegible] A number of [illegible] are being [illegible] upon and [illegible] drills [illegible] of the ball. All of the [illegible] the main [illegible] move[ments] will be non-commissioned officers. The [illegible] will be worn. White duck trousers, white shoes and brown leggins will complete the uniform. Over [illegible] invitations have been issued to the ball and a representative crowd of young people of the city, members of the cadet corps and their friends, are expected to be present. Something new in the way of a grand march has been arranged and the ball promises to be one of the most delightful society events of the year.

Edward MacDowell

Mr. Edward MacDowell, the eminent American composer and pianist, played in concert last night at Perkins hall. He was present [illegible] Colorado Springs audience [by] the Colorado Springs Musical club. The evening was one of much charm for the professional, the amateur and the [illegible] Ev[illegible] was characteristic of this city, appreciative and demonstrative, applauding Mr. MacDowell's playing [illegible]. His artist has won [illegible] first place among American [composers] [illegible] and in his [illegible] work [illegible] compositions make [illegible] [illegible] Mozart [illegible] with expression [illegible] and color [illegible] in ambitious composition and Mr. MacDowell played this sonata with superb interpretation. It was a rare pleasure to listen to the composer's own creations rather than to the oft repeated time worn programs of other musical artists. The shadow dance was extremely graceful, was executed in a spirit of dash and a wild, emphasis most fascinating. "A Wild Rose" and "To a Water lily" were rendered in exquisite manner.

The entire program was delightfully given.

Mr. MacDowell composes for the orchestra as well as for the piano and has achieved as much as an orchestra leader. In his compositions it has been said that he frequently reaches a height that suggests genius of the highest order. His song music is particularly the poetic and original.

BRIEF CITY ITEMS

DALY FUNERAL—Funeral services of the late John L. Daly will be held this morning from St. Mary's church at 9 o'clock.

TRADES COUNCIL—Leading members of the Federated Trades council gathered last night in the council hall on Cucharas street and discussed the question "Why We Organize." The meeting was the first of a series of bi-monthly meetings of the kind to be held by the council for the discussion of questions of the day relative to labor. There was a good attendance.

FINED FOR GAMBLING—Nathan Barker, James Hines, Fred Reed, arrested by Officers Gaines and Shemwell on complaint of Charles Hedley and Andy Johnson, were fined $15 and costs in police court yesterday on a charge of gambling. They are members of the Newport Social club, so it is claimed, and Hedley and Johnson claim to have been "double crossed" in a poker game at the club rooms.

INCORPORATION—Articles of incorporation of the McRae Cafe company were filed with the county clerk yesterday. The capital stock is $10,000 and the incorporators are A. Jae Ward, H. W. McRae and H. W. Cussons.

SECTION FOUR—Section Four (4) of the Ladies' Aid society of the First M. E. church will meet with Mrs. A. H. Antoine, 117 E. Fontanero street, on Thursday afternoon at 3 o'clock. There will be election of officers for the ensuing year and it is earnestly requested that every member interested in the prosperity of the section be there.

FROEBEL ASSOCIATION—The Colorado Springs Froebel association will hold the regular monthly program meeting in the new Caledonian hall on Friday, Jan 23 at 4 o'clock. A paper will be read by Rev. Alva Roy Scott, subject, "The Religious Training of Children." Discussions will follow. Mrs. Jessup will render two instrumental solos.

EPWORTH LEAGUE SOCIAL—The Epworth league of the First Methodist church will give a social this evening, to which all are invited, strangers especially. Refreshments will be served and a general good time enjoyed.

The famous pianist E. MacDowell and wife, of New York city, were among yesterday's arrivals at the Antlers.

THE OLD RELIABLE

DR. LAMKIN'S MEETINGS INCREASING IN INTEREST

Church membership without [illegible] religious life does not [illegible] Evangelist Lamkin. [illegible] morning and afternoon meetings are devoted to the [illegible] of professed Christian people [illegible] higher notions of duty and [illegible] conversion to spiritual things. Every meeting deepens the interest. The [illegible] are large and growing. The evening service is of general character and the people filled the spacious auditorium [illegible] to listen to one of the most [illegible] of addresses upon the theme "Does It Pay to be a Sinner." The address was clearly outlined and carefully illustrated. The illustrations were drawn from the preacher's own observation of the lives of the multitudes who have listened to his earnest and heart searching appeals to forsake sin.

Among others the following thoughts were clearly developed: (1)—Sin is death to the human body. (2)—Sin means death to the moral nature. A Death [illegible] [illegible] Death to the will [illegible] means death to the soul.

At the close of the sermon a large number signified their desire to forsake sin and become Christians.

Meetings will be held during the day at 10 o'clock a. m., 3:30, 7 and 7:30 p. m. The evening theme will be "[illegible] and God."

EPWORTH LEAGUE TO GIVE A PIE SOCIAL THIS EVENING

The Epworth league of the First Methodist church will give a pie social this evening in the Epworth league rooms of the church. All kinds of pie will be provided and no charge will be made for the eating thereof. It is announced that the performance will begin at 8 o'clock and will continue as long as the supply is equal to the demand. A short musical program and games will be other features of the social.

CHARLES SOTER SELLS HIS FRUIT BUSINESS

Charles Soter, who has conducted a retail fruit and vegetable business on [illegible] street near Kiowa, yesterday sold out his business to M. W. Mullen, also of this city, who has been in business on South Tejon street. Mr. Soter will remain in Colorado Springs for a few months before taking up a new line of business which also will keep him in the vicinity. He states that he dislikes leaving the local retail field because of the pleasant relations that he has always had with his patrons, but that he expects to continue to do business with them in his new line, announcement of which he will make later.

WEST SIDE CITIZENS WANT DUNKLE RETAINED

So great is the popularity of E. P. Dunkle among the residents of the West side that three petitions are being circulated to be presented to the postoffice officials here asking that they reinstate Dunkle as carrier on the West side. Dunkle has had a route on the West side for a long time but recently when his route was made a foot route he was transferred to the East side of the city because he had a horse and wagon and did not care to give it up. The residents of West Colorado Springs are opposed to the route there being made a foot route if Dunkle's transfer becomes necessary and for that reason are circulating the petitions for his reinstatement.

ESSAY WRITING CONTEST TO TAKE PLACE TODAY

[illegible] essay writing [illegible] will [illegible] in the sixth and [illegible] grades of the [illegible] schools will take part [illegible] [illegible] more than 20 [illegible] books will be given [illegible]

PRELIMINARY DEBATE AT COLORADO COLLEGE TOMORROW

The preliminary [debate] to decide the speakers for the intercollegiate debate between Colorado college and the University of Nebraska will be held tomorrow evening at 8 p. m. in Perkins hall. There will be four contestants for the honors and from these four will be selected the three who are to represent the college in the big debate. The four candidates have not as yet selected their respective sides of the question, but that will be [illegible] today. The preliminary speakers will be Homer Reed, W. D. Van Nostran, N. C. Hallaran, L. C. Sig[illegible]. Mayor Robinson, Rev. [illegible] Wilcox and [illegible] will act as judges.

The question that has been selected for the preliminary debate is "Resolved, That the Present Concentration of Vast Aggregations of Capital in the Form of [illegible] Single Private Manufacturing Corporations is Inimical to Public Welfare."

EL PASO CLUB BALL TO BE HELD ON FEBRUARY 9

February 9, two weeks from next Monday, is the date decided upon by the directors of the El Paso club for the annual ball given by the organization. Careful arrangements are being made and the event will doubtless [illegible] in brilliancy any that has preceded it.

Don't fool with a cold. No one can tell what the end may be. Pneumonia, catarrh, chronic bronchitis and consumption invariably result from neglected colds. [illegible] PEACE AGREEMENT

RESOLUTION INTRODUCED BY ROBINSON OF ST. LOUIS FINALLY PASSED.

Brooklyn Shall Receive Compensation for Loss of Pitcher Donovan —Another Meeting to Be Held This Morning.

By Associated Press

Cincinnati, Ohio Jan 21 The National league members today heard the majority and minority reports of the committee of the whole on the proposed peace agreement with the American league The minority report expresses the view of the New York and Brooklyn members Representatives of the Philadelphia Pittsburg Cincinnati, Chicago and St Louis clubs signed the majority report Boston signed neither report

At 2 a m when the meeting adjourned it was announced that after both the majority and minority reports had been disposed of and copies of the same placed on file the following offered by Mr Robison and seconded by Mr Herrmann was unanimously adopted

"Resolved That the agreement heretofore entered into between a committee of the league and a committee of the American league which is commonly known as the peace agreement and which agreement is herewith attached, be and the same is hereby ratified and adopted and ordered spread upon the minutes of this meeting."

A resolution by Mr Robison which was also adopted provides that the National league shall compensate the Brooklyn club in such a sum as may hereafter be determined and amount shall be paid in such manner as shall hereafter be determined between the president of the Brooklyn club and the members of the Kansas City committee on account of loss of Pitcher Donovan."

The meeting then adjourned until 10 o'clock tomorrow when the league will transact other business having no bearing on the peace compact which has now been officially ratified and finally disposed of.

ANTI-WOLCOTT PLEDGES THAT ARE BEING KEPT.

IN A statement issued from anti-Wolcott headquarters some days ago there was included a pledge signed by one of the Republican candidates for the assembly, which may be cited as an example of other pledges made by other Republican candidates:

"Creede, Colo., Oct. 30, 1902.

"To Voters of Mineral and Hinsdale Counties:—It appearing that there is some doubt in regard to my position in reference to the election of United States senator from Colorado, I desire to say that when elected a member of the general assembly I will not support Mr. E. O. Wolcott for United States senator, either in or out of the Republican caucus, and will not vote for him under any circumstances."

These formal pledges were supplemented by personal statements and public speeches by the candidates, by newspaper articles in party journals, and by official declarations by party chairmen and committees.

In two cases at least, one in the northern and one in the southern part of the state, these positive promises have already been broken by the persons who made them.

In these cases it is not a question of a preference for Wolcott or a prejudice against him.

It is a question of personal honor and integrity.

It is a question whether solemn pledges made to the people as a condition of election are to be kept or to be violated.

And there is no doubt that the people will judge these dishonorable pledge-breakers as they deserve to be judged, and that they will consign them to a political oblivion from which no Boss will ever be strong or considerate enough to attempt their rescue.

It is a disgrace to the state and to the Republican party that there should be even two legislators of this sort, but it is a satisfaction to know that 20 other honorable Republicans are standing firm for the policy of honor, and that there is no danger of any one of these going back on his word to his constituents.

These men are firm in the belief that they are sent to Denver to do the will of the people; and when they have promised to do a certain thing, or not to do something else, they intend to keep their promises honorably in the spirit and in the letter—and they are doing it.

And for this course they will surely receive the approval of honorable persons and honorable public sentiment in their own communities and throughout the state.

THE CHAMBER OF COMMERCE MEETING.

THE ANNUAL meeting of the chamber of commerce will be held at the rooms on the corner of Pike's Peak and Cascade avenues next Saturday evening.

The Gazette has already called attention to the great importance of this meeting and the special necessity at the present time for doing something to promote the general interests of the city by increasing the activity and the support of the chamber of commerce. It is unfortunate that the meeting was not held last Saturday as called, on account of unforeseen circumstances that made an adjournment necessary, but this should not be allowed to interfere with the work of the chamber, which is absolutely essential to the general business interests of Colorado Springs.

At this time when the city seems to be passing from one period of activity into another, there is especial need that all who are in any way interested in our growth and prosperity should do what they can to promote the common welfare.

In another column this morning the Gazette prints a complete list of the membership of the chamber of commerce. It is to be hoped that every person whose name appears on this list will consider its presence there as a special and personal invitation to rally to the support of the city's interests.

It is to be hoped also that every resident of Colorado Springs who is in any way or to any extent concerned in the general prosperity, whose name is not included in this list, will consider its absence as a personal appeal to add his aid and his influence to the work that the chamber of commerce is doing, and that he will be present at the meeting and see that his name is added to the membership list.

There is no city in Colorado, or in any part of the west, that has any better natural resources and present opportunities than has Colorado Springs. The rapid growth that has been made by the city in the past few years ought never to serve as an excuse for idleness or careless neglect. But on the contrary, it should be made an encouragement and a help to greater activity, which if rightly directed and persistently followed will be certain to bring the most desirable results.

The chamber of commerce is an organization that is absolutely indispensable to the well-being of a progressive community.

It is not necessary to repeat all that the chamber has done for the city in the past, for that is familiar to the great majority of our citizens.

It is not necessary to explain all that the chamber can do for the city in the future, for that is a part of the common knowledge of all intelligent men.

What is necessary now above all things is for everyone to do his part in directing and supporting the work of the chamber of commerce, and if this is done the success of that work will be assured.

And the first thing is to attend the annual meeting next Saturday night.

THE DEMOCRATIC OUTRAGE.

THE ATTEMPT of the Democratic members of the assembly to hold an illegal joint session of the assembly is nothing short of an outrage upon the people of the state and upon its legal government.

The proceedings are absolutely farcical and invalid and any result that may be reached will not receive the slightest recognition from the national senate.

In a dozen contest cases recorded in the senate proceedings at Washington the decisions are unanimous in regard to the point that it requires A MAJORITY OF EACH HOUSE TO BE PRESENT AND VOTING AT A SENATORIAL ELECTION.

In the Colorado assembly at the present time there are 35 members of the senate and 65 members of the house, and there must be present and voting 18 senators and 33 members of the lower house in order to constitute a legal joint assembly.

It does not make the slightest difference how the Democratic leaders or the Democratic counselors in Colorado interpret the law, nor what they think is just and fair. The only thing that counts is the senatorial precedent, which has been established, and there is not the slightest reason for believing that it will be changed.

And the precedents of the national senate are equally clear and explicit upon another point, which is that where one of the legislative bodies has adjourned to a certain time, its members cannot meet with the other body in joint session.

THE JOINT SESSION CAN BE CONSTITUTED ONLY BY THE TWO LEGISLATIVE BODIES AS SUCH, AND NOT BY THEIR INDIVIDUAL MEMBERS.

Under any circumstances, therefore, any person chosen as senator by the Democratic "joint session" could not receive any credentials that would have, or be entitled to, any respect or consideration four miles outside of the city of Denver.

And it is equally apparent that the Democratic leaders and advisers, under whose bad counsel the Democratic assemblymen are now acting, have put the Democratic members of the house into a position of treachery and bad faith toward their Republican colleagues, with whom they had voted unanimously in favor of the adjournment until Friday in order to give the rival senates an opportunity to compose their differences.

The Democrats certainly cannot accomplish anything in the way of the election of a United States senator, even if they succeed in getting 51 voting members of the assembly into the room at the same time, and their revolutionary attempts to organize a joint session and their dishonorable attempt to violate the house adjournment will only react against them with the people.

For it is the people of the state after all who will be the final judges in the matter, and the people are always opposed to violence and to revolution, and they are in favor of the policy of justice, honor and honesty.

MORE SAN CARLOS COMPLICATIONS.

THE RETURN of the German warships to San Carlos and the bombardment of the fort was expected. After the cruiser Panther had been driven away with some loss, "honor" made it necessary for the German naval officers to avenge their injury. The incidental destruction of a town by fire as a result of the bombardment is doubtless considered from the German view as an unfortunate accident such as is likely to happen to those who have carelessly provoked German anger.

If the original attack by the cruiser upon the fort was considered to be an event of importance, this later event, which has almost the dignity of a battle, is far more so. It is likely to have at least three very considerable results, and two of these are decidedly dangerous to the larger interests involved in this most unfortunate affair.

The wanton, arbitrary and wholly unnecessary action of the German captains, or whoever is responsible for the attack upon the fort and the town, is certain to add to the bad feeling already existing between Great Britain and Germany. Mr. Kipling's poem, "The Rowers," with its scornful flings at "the Goth and the Hun," is representative of the feelings of a large part of the English people who do not approve the alliance that forced them to send their navy on this debt-collection trip. The first attack on Fort San Carlos was the signal for an anti-German outbreak among the British newspapers and members of parliament, which is sure to be repeated upon the news of this later and graver incident. And there certainly would be no regret shown in the United States if Great Britain should refuse to proceed any further in Germany's company along a path that is certain to bring most serious injury to England's commercial interests and may involve her in dangerous misunderstandings with the United States.

There is some danger that the attack upon San Carlos may have a bad effect upon the peace negotiations now in progress. It certainly does not seem right after Minister Bowen has left Caracas and has reached Washington with full powers to arrange the entire matter, that German naval officers should bombard Venezuelan coast defenses and burn Venezuelan towns. These are certainly not the acts of a government that is sincerely desirous of a peaceful settlement of the difficulty.

And in the third place these acts of the German ships are certain to add to the feeling in the United States against Germany as an arrogant European power engaged in the task of bullying a weak American republic. If Germany is sincere in the declarations she has made and the assurances she has given, she ought to be very careful about committing any acts that will strengthen the anti-German feeling in the United States or that will make it any more difficult for the many friends of that nation among us to continue their course of cordial good will and friendship. The chief danger of the San Carlos incident, so far as we are concerned, is that it tends toward a belief that the policy and purpose of Germany is distinctly anti-American, and a few more events of the sort are certain to have a powerful influence upon public opinion in the United States.

There appears to be little doubt that a part, at least, of Germany's naval officers and authorities are "spoiling for a fight," and there is too much reason to fear that the imperial government is not overly disposed to check their ardor. The spirit that directed the attack upon Fort San Carlos and the subsequent bombardment of the fort and the town, is not one that can be contemplated with equanimity either by Great Britain, by the United States, by Venezuela or by the other American republics.

Under the circumstances, "What will Germany do next?" becomes a momentous question and the answer will be awaited with considerable anxiety.

Colorado Republicans are almost unanimously in favor of the renomination of President Roosevelt in 1904, and they are equally in favor of proper legislation restricting the trusts. They will therefore have a disagreeable awakening when they learn the object for which they are being "worked" by Baron Wolcott of Wall street, corporation and trust agent for the district of Colorado.

Another Eldorado is reported from Alaska. It is far enough away and hard enough to get to, to be attractive to many gold hunters, without regard to whether anything is to be found there or not.

Gazette Gayeties

TROUBLE AHEAD.

(Being An Old Friend In New Raiment.)

If you've been to New York you'll remember the place
Where the big railroad tunnel bores into the face
Of the rock, and leads under the river;
And it makes a man shiver
To watch the big trains plunge
With rumble and roar
Right in to the depths of
That dark, gloomy bore.

Now it happened that Jerry
Took his country friend Terry
To see all the sights
And enjoy the delights
Of the city; and when they had been everywhere
And had seen everything that is worth seeing there,
Proud Jerry
Said: "Terry!
Theyse wan place, me b'y,
That'll startle yer eye,
Come an, now, an' see where th' big ingines fly
Right under th' wa-ather an' yit kape quite dry!"

So Jerry
Took Terry
To the mouth of the tunnel;
And Terry looked down
And saw the
Big hole that has gained
Such renown;
He saw the dark opening there in the rock
And as he was looking he felt the quick shock
Of an out-going train; heard the whistle and saw
That 'twas headed right straight for the tunnel's dark maw;

On, on came the train with a rumble and roar
And with speed such as Terry had ne'er seen before.
Like an arrow it shot past the was there and then
It plunged into the bore and was not seen again;
Like a flash it had come—like a flash passed away
Through a bit of a hole in the rock hard and gray!
And the smiling and much-amused Jerry
Said to bewildered and greatly-dazed Terry:
"Now, me b'y, git busy there undher yer hat
An' tell me quick phwat d'ye think now, av that?"

Then Terry
As soon as he
Found his voice, spoke low to Jerry:
"'Tis a wondherful sight, be me soul!
But, Jerry, they'll shure be th' divil t' pa-ay
Whin she comes along flyin' loike that some foine da-ay
An' misses th' hole!"

Not Altogether Climatic.

"Men live longer out here than in the crowded cities, don't you think so?"

"Wal, stranger," replied Rattlesnake Pete, "that very often depends on how quick they air with a gun."

Works Both Ways.

Cynicus—I don't believe in friends!

Theotherus—Then you must not be surprised if friends don't believe in you.

Where He Was Safe.

"Col. Stretcher was in the artillery, wasn't he?"

"Never."

"But he often speaks of having been behind the guns."

"So he was—about two miles behind."

—J. W. F.

OPEN PARLIAMENT

Street Improvement Suggestions.

Editor Colorado Springs Gazette.

You have recently discussed the desirability of improving our streets by paving and otherwise and suggested as one great impediment the extreme width of our residence streets. Everyone will agree with you that it would be impracticable to pave or macadamize such wide streets. The ablest engineer and best authority on city roads in the United States, Wm. Pierson Judson favors narrowing residence streets to 30 feet from curb to curb with parking upon either side of the street. If the roadway of our residence streets was cut to 42 feet from curb to curb, 36 feet clear roadway, it would leave on some streets, quite a space for parking upon either side and if parked from lot line to curb it would add much to the beauty of the city and place the dust of our streets that much farther from the residences. It would also make the expense of paving or macadamizing within a reasonable cost and not bankrupt property owners when it becomes desirable to so improve our residence streets. For instance, take Cascade avenue, which has some twenty blocks of most highly improved residences. The expense of gutters, curbing, paving and parking the avenue would be about $5 per front foot. The only argument I have heard favoring center of the street parking, as was done upon a few blocks on North Cascade avenue, is that the parking would be neglected if on the side of the street, especially in front of unimproved property, or that where improved, one owner might care for the parking and the next might not, thus presenting a ragged and unkept appearance.

That condition could easily be overcome by the city caring for such side parks from lot line to gutter. The gutters could be made to convey irrigating water and openings so arranged that these side parks could be flooded, so that one person could care for about five blocks of a street, and such person could be made a park policeman not only to care for the lawns, but also to enforce the ordinances covering trespassing on such improvements and afford a policeman for each five blocks so improved, to protect private property. They should be uniformed in gray, the customary uniform of park policemen. The cost of such a park policeman and caretaker would be $60 per month, for six months, $360. There being 4,000 feet of frontage on the five blocks, the expense would be about 10 cents per front foot or $2.50 per annum for a 25 foot lot. They will average, probably, 50 feet per owner so that each owner would pay less than 50 cents per month per annum, or $1 per month for the six months necessary to properly care for the lawns and six months police protection. If such a system was inaugurated police call boxes could be established for each five block section, when the police telegraph or telephone system shall be instituted, a "consummation devoutly to be wished." That expense could either be assessed against the owners fronting upon such improvements or the city might conclude to bear the expense as a sort of bounty or inducement to have owners make such improvements.

Such an improvement would naturally raise the flowing water for irrigating purposes about one foot above the present level and make it possible to irrigate almost every lawn in town when such improvements were generally instituted, thus relieving the great strain upon our water works caused by lawn sprinkling of lawns such as we encounter every season. The city could greatly increase the cost for hose connecting taps and that would compel a greater, if not universal, use of irrigating water for lawn purposes, losing probably some revenue for the water works department, but at the same time eliminating that great annual cry of shortage of water.

Respectfully,
Frank L. Bart.

What a Farmer Should Know.

In agriculture, as in manufactures, success consists of securing the largest and best production at the smallest expenditure of force, time and money. Evidently the farmer who aims at such success must have an understanding of plant life and what proportion of its sustenance it draws respectively from the air and the soil. He must know the chemical constituents of the latter, and the treatment which it requires to restore the plant food exhausted by his crops. He must have a knowledge of the climate demanded by different cereals, vegetables and fruits. He must be acquainted with the diseases and insect pests which endanger both plant and animal life, and should know how to treat them. He should be familiar with the principles and animal nutrition and the value of foods. In addition to all the expert knowledge required, there are those mental qualities which are developed by scientific training, a keen perception and an alert habit of mind, a full appreciation of the value of facts and hospitality to new ideas, together with that flexibility which enables its possessor to adapt himself more readily to changed conditions. Evidently the farmer of the future will not be "the man with the hoe."—Josiah Strong in February Success.

PLAY CHILDREN

TOO MANY OF THEM DIE.

Their Little Bodies Unable to Stand the Ordeal of Development.

WE THINK EVERY MOTHER IN THIS TOWN SHOULD KNOW ABOUT VINOL.

It Is the Delicious Tonic We Advise for Growing Children.

Is your boy or girl pale and listless? Do they act differently from other children? Do they sleep poorly and eat poorly? Does your boy avoid the sports and games of other boys? Does your girl complain of headache and find her studies a hardship?

If so, you may make up your mind they are growing too fast. They need something to help nature in her great work of furnishing the necessary elements for creating flesh and muscle tissue, bone structure and rich, pure, red blood.

They need a tonic in the full sense of the word and we can tell you what to get.

It is Vinol Wine of Cod-Liver Oil, the great modern reconstructor. Children like it, it is so delicious to the taste, in spite of the fact that it contains a highly concentrated extract of the medicinal principles that are found in cod-liver oil.

But because the vile-smelling and tasting grease has been discarded and all of the other disagreeable features eliminated, the benefits of Vinol are easily understood.

Vinol acts favorably on the stomach, creates an appetite and enables the food that is eaten to do the greatest possible amount of good.

Following is a letter that bears directly on this subject:

"I was all run down and took Vinol. It did me so much good and it was so pleasant to take that I gave it to my children. They were growing fast and needed something in the way of a tonic and I found it to be just the thing for them."—SARAH PICKERING, 1932 Fall River, Mass.

We cordially invite mothers interested in the welfare of their children, as well as any one else needing a sure, safe and delicious tonic, rebuilder and rejuvenator, to call on us. We will gladly tell any one all we know about Vinol and why we so highly endorse it.

Inasmuch as we are always ready and pleased to refund the cost of Vinol to those who don't find it exactly what we claim it to be, it will be seen that we are prepared to substantially endorse our claims for the excellence of this marvelous preparation.

There's a reason for selling a certain number of Men's Suits at half price. We have a few more left.

HOLBROOK & PERKINS

Another Important Deal in El Paso County Ranch Land

By a warranty deed filed in the office of the county clerk yesterday, C. M. McKnight and Winnie McKnight transfer to Catherine B. Landsbury of Blair, Nebraska, property described as being the southwest quarter of section 28, township 14, south of range 66 west, excepting nine acres, which, the deed states, has been previously deeded to Hall, and also excepting that portion lying between the south line of the right-of-way of the Rio Grande and the north line of the Rio Grande. The transfer includes all the water rights belonging to the grantors in the Fountain river. The consideration named is $15,000. The property is a valuable ranch south of the city. A cancellation of a lease given the Colorado Standard Oil and Fuel company upon the same property, by J. B. Donovan, who leased it from C. M. McKnight, was also filed. The land is located in the belt which gave so much promise of oil during the excitement early last year.

State Editorial Association to Meet in Denver Monday

J. T. Lawless, of the Lamar Sparks, president, and Paul B. Smith, of the Salida Mail, secretary of the Colorado Editorial association, have sent out notices of the annual meeting of the organization which will be held at the Windsor hotel in Denver next Monday morning, beginning at 9 o'clock. It is announced that this meeting is to be strictly business. There will be no junketing and no side issues. Low hotel rates have been secured.

One reason for the importance of the meeting is that prompt steps must be taken to maintain in force laws which were enacted by the last two legislatures at the instance of the newspaper legislature. All persons connected with the editorial department of any Colorado newspaper are eligible to membership in the association.

El Paso Teachers Will Meet Tomorrow at Fountain

The teachers of El Paso county will hold their fifth monthly institute at Fountain tomorrow afternoon. County Superintendent E. M. Collins will be in charge of the meetings, which are to be held in the Baptist church. Two sessions are to be held, afternoon and evening. The afternoon session will begin at 2 o'clock and the evening session at 7:30. Following is the program for both sessions.

AFTERNOON SESSION.

Music "America," by the audience.
Invocation Rev. W. W. Jellison.
Address of welcome Julia Stillington, president school board.
Response by Prof. E. M. Collins, county superintendent of schools.
Music Primary and Intermediate departments.
Paper "The Relation of Patron, Teacher and School to Each Other," Foste Maris, Colorado Springs.
Discussion "The Teacher," Miss [illegible] Reed; "The Patron," Miss Anna [illegible].
Music "The Sailor Lads," [illegible] Rhinehart and Goldie Thompson.
Paper "The Ethical and Practical Value of Nature Study," Supt. Nelson, Monument, Colorado.
Discussion C. N. Helter.

Optional subject, general discussion, R. L. Smith, Colorado Springs.
Music "The Jolly Student," High school and grammar room.

EVENING SESSION.

Invocation Rev. S. K. White.
Music "The Quiet Night," High school.
Paper "Reading in Primary Work," Mrs. J. R. Belch.
Discussion Mary Jacob and M. Lee Barron.
Music Instrumental, Miss Theo [illegible] son.
Paper "Honor," Supt. E. M. Collins, Colorado Springs.
Recitation Selected, Miss [illegible] Weber.
Address "Literature in Schools Below the High School," Supt. J. F. Tresil, Manitou, Colo.
Music "The Holy City," W. G. [illegible].
Topics for general discussion, R. L. Smith.
Music "God be With You Till We Meet Again," by the audience.
All discussions limited to five minutes. A [illegible] o'clock dinner will be given to the teachers by the [illegible] of Fountain.

STAIR & HAVLIN WILL ENTER COLORADO FIELD

Have Taken Long-Time Lease on Temple Theater and Will Completely Rebuild It--Grant Pauley to Be Local Manager--At Least Four Performances Weekly.

Stair & Havlin, the famous theatrical syndicate, have secured a long lease upon the old Temple theater in this city and definite arrangements have just been completed for giving Colorado Springs one of the finest popular priced theaters in the west. One of the first steps to be taken will be the changing of the name. While it has not been definitely decided it will probably be "The Colorado," as there is no play house of that name anywhere in the state, and no backneyed appelation was desired. Grant Pauley, formerly city passenger agent for the Colorado Midland, and now district manager for the Equitable Life Insurance company and manager of the Temple theater, has been retained as manager of the new play house.

Stair & Havlin control close to a hundred play houses in different cities of the country and for a long time have been at work securing a chain of houses clear across the continent to "buck" the Klaw & Erlanger syndicate. The theater here will be one link in the chain. For a time there was some talk of building an altogether new show house in this city and in fact the movement was so far advanced that an option on a choice site was secured. Whether this will be carried out remains to be seen. It may be that the leasing of the Temple theater is merely a temporary step.

At Pueblo the syndicate will build a $40,000 theater on Third street near Main, and in Denver they will spend $15,000 in remodeling the Curtis theater. Aside from popular priced attractions there will be a season of from 18 to 20 weeks of the highest class attractions, including such stellar lights of the theatrical world as Kirke La Shelle and Frank Perley shows, and independent stars like Minnie Maddern Fiske, James K. Hackett and Henrietta Crosman. Manager A. R. Pelton of the Curtis theater in Denver and formerly of this city is to have general charge of the Colorado houses and will be assisted by Fred C. Smutzer. E. D. Stair, president of the syndicate, has been in Denver for the past few days and he yesterday made the announcement that not only has he secured houses in Colorado but also in Los Angeles and San Francisco. Colorado and California have heretofore been weak points in the syndicate's continental chain.

A stage architect will be here Tuesday to look over the stage of the Temple theater and the house generally to design the improvements which are to be made. He will then draw up plans for completely remodeling and improving the building at Kiowa and Nevada and making it attractive both inside and out. The stage will be remodeled and enlarged although right now it is the largest in the city and one of the largest in the state. When remodeled it will be capable of taking on any production on the road. The whole interior of the building will be changed. The balcony which now runs clear around the upper part of the hall is to be taken out and rebuilt in the form of a horseshoe in the west end the same as the balcony in every first class opera house. Sixteen balcony and parquet boxes will be built adjoining the stage and in such a manner that they will naturally be the best seats in the house. The ground floor will be left practically intact. False work for elevation of the rear seats will be used as at present so that the hall may be used for dancing. The old chairs now in the theater will be taken out, however, and leather upholstered chairs, as good as are used anywhere in the state will be put in.

Arrangements are being made to literally flood the interior of the hall with light when occasion demands. The most modern stage equipment to be had will be put in and new scenery added. An enormous electric light sign will be raised on top of the building with the name of the house thereon. The exterior of the building may be repainted and arrangements will be made to improve the entrance and to give it a foyer and make it much more inviting. The lessees propose to cater to the very best people and will bring shows here that will warrant such patronage. They control productions which are of a high order and all will be seen here. The idea is to have the house open at least four nights a week.

The selection of Mr. Pauley to continue as manager of the house with which he has been heretofore identified will be pleasing to the local play-goers. Mr. Pauley has a keen insight into the local tastes and will take care that his employers cater thereto. Work of improving the house is to be commenced July 1, and Stair & Havlin attractions will be showing at the rejuvenated theater September 1. The step taken by the syndicate in leasing a house here is taken to mean that they propose to get houses in other cities in the state, leasing where they can and building where no location is otherwise available.

A DESERVED TRIBUTE TO A CURE FOR CONSUMPTION.

The climate of Colorado Springs is an important factor in contributing to the cure of diseases of the throat and lungs, but the climate would count for little if it were not aided by medical treatment such as is used by Dr. W. A. Shepard, one of the prominent physicians of Colorado Springs. The Gazette has been cognizant of the work the doctor has been doing for some years. He has been here nearly six years and in that time to our own knowledge has made some most remarkable cures and the beauty of his treatment, as we look upon it, lies in the fact that those who are cured are perfectly safe in living in any climate. We know of those who had expected to spend their entire lives in Colorado on account of consumption who are now living in the east in the enjoyment of perfect health.

While we are anxious to build up Colorado Springs as a health resort and while it may seem to some, perhaps, that it would be better that patients should stay here, we are satisfied that this idea is a mistaken one, for we know that if the patients are cured here in Colorado Springs so that they can return to their homes and live for years, able to attend to their duties, they are worth vastly more to Colorado Springs than one who remains here a semi-invalid.

In talking with the doctor on this subject, we find that his practice during the last year has greatly increased on account of patients who have come here for the sole purpose of taking his treatment in this climate, and who have come through the recommendation of those who are living in the east in perfect health.

Any one can imagine how gladly a person cured of consumption would recommend to their friends the same place and the same treatment that cured them.

We are sure that no one will disagree with us in making the statement that a patient who goes home well and free at home for years is worth vastly more to Colorado Springs than one who goes there to die.

There is nothing, we might say, so [illegible] known and talked about so [illegible] as Dr. Shepard's treatment, the [illegible] which is dealt with faithfully by Colorado Springs.

Dr. Shepard is a thoroughly reliable [illegible] He is very careful when talking with prospective patients [illegible] give them only such encouragement in regard to their cure as he honestly believes can be realized and if he is satisfied after examining a patient that they have [illegible] here, he tells them so [illegible] hand if he is satisfied that they can be cured so that they can go home or can be cured in their own homes, he tells them so frankly.

He succeeds in curing a great many cases without their leaving their homes and in several instances he has people at [illegible] his treatment some with them without remaining here any length of time after beginning it.

Dr. Shepard's treatment was discovered by him about 11 years ago and it is making its way to the front with rapid strides, both among physicians and laymen, and we predict that with some modification of it will be the treatment that in the future will be recognized and generally adopted.

State Apportionment of School Funds Announced

According to the apportionment just made out by State Superintendent of Public Instruction Mrs. Helen Grenfell, El Paso county will receive as its share of the state school fund, $4,202.38. This means that this county will be allowed this amount out of $65,930.95, to carry on the work of and the support of the schools of the county. County Superintendent Collins will begin work immediately to make the apportionment of this fund among the different school districts of the county. The state fund consists of the yearly revenue from the state school lands, which may be in the form of interest or the amount derived from the lease or rental of such lands. In some counties, as in Teller county, where the school land contains valuable mineral, the yearly revenue is quite large.

Bachelors' Ball Drew Crowd to Temple Theater

Despite the threatening aspect of the weather a good crowd attended the ball given last night by the Bachelors' club of the Elks lodge at the Temple theater and a greater part of that number were in costume. It was one of the most enjoyable events of the kind which has ever been given in the city and everyone appeared to have a good time. There were no stated committees in charge of the matter, all the members of the club turning out and doing their best to assist matters along. The floor was in splendid condition for dancing, the music was excellent and very few went home until a late hour. In the early part of the evening there was quite a crowd in the boxes watching the proceedings and deriving as much enjoyment from the affair as the dancers themselves did. The program was a long one and many extra dances were thrown in by the orchestra. Light refreshments were to be had in the hall during the evening. Some of the costumes were very handsome, indeed, while others were very comical. All in all the first Bachelors' ball was an entire success and those who were present last night will await their next effort in anticipation of a delightful time.

Councilmen Will Consider the Cascade Ave. Protest Tonight

Tonight the city council meets in adjourned session to consider the protests of the residents of North Cascade avenue against the paving improvements which were done there and for which the owners were to be assessed in proportion to the benefits derived. It is expected that the session will not only be long but rather lively.

The property owners are represented by Attorneys Walter Scott and G. W. Musser, there being about 22 protestants, who own the majority portion of the frontage on the avenue where the improvements were made. The protest is based upon the ground that the contract was not fulfilled, the chief point raised being that there is not a smooth, hard roadway as called for in the specifications and contract. Most of the aldermen have paid a personal visit to North Cascade since Monday night when the protests were first discussed. The council will act as arbitrator in the matter and will give both the property owners and the contractors, Ord & Swope a hearing. It is quite likely that the contractors will have some matter to introduce in their own behalf.

A DOLLAR FOR THE COLT AND THE REST WAS LOVE

"Gentlemen of the jury, the plaintiff asks $1 for her colt and $149 for her love and affection for the animal," was one of the many more or less sarcastic statements made by Attorney J. Reid Crowell before a jury in the county court yesterday while engaged in arguing for the defense in the case of Carrie Wight vs. J. L. Albin and Fred Albin. Mr. Crowell appears to have a penchant for "horse" cases as he had hardly finished the trial of one in the same court when he began the one tried yesterday. In both instances he came off victorious. The jury yesterday returned a verdict for the defendant.

It appears that the plaintiff sued for $150 alleged to be the value of a colt belonging to her which she had turned over to the defendants for pasture. The colt died, so the defendants claimed, but the plaintiff refused to believe any such statement and brought suit. The plaintiff claimed that not only was the colt a very valuable animal but that she entertained a high regard for it, aside from a monetary standpoint.

DIRT, DEBT AND THE DEVIL DISCUSSED BY DR. LAMKIN

"Dirt, debt and the devil are three things to be kept out of the home; three things whose absence brings Eden back to man," was one of the striking things said by Dr. Lamkin in his sermon upon "Religion in the Home," at the meeting at the First Baptist church yesterday afternoon. The family Sabbath, the family bible, the family altar, the family heaven, were elements of family life considered with many telling illustrations. With great tenderness, pathos and beauty, Dr. Lamkin pleaded for greater consideration for the religious character of every man's home.

The evening, despite the storm, brought out a large audience, who were deeply impressed by a sermon upon "God and Sinful Man." Many professed conversion. The large chorus choir rendered several beautiful selections with telling effect. There will be three sermons today, 10 a. m., 3:30 and 7:30 p. m.

LESSEE ON COLORADO CITY CLAIM HAS STARTED WORK

President James F Burns of the Amazon Mining company has recently granted a lease upon the Colorado City claim of that company to Mr Hammond, who has immediately gone to work Considerable ore has been produced from this claim sufficient to have enabled the company to pay $82,000 in dividends. The present indications on the property are exceptionally good and those familiar with the locality predict success for the new lessee. The recent strike on the Sitting Bull claim of the Keystone company which is referred to elsewhere on this page gives the Colorado City prospective value The latter claim interposes between the Sitting Bull and the property of the Golden Cycle Mining company. If as is believed by the Keystone lessees the new ore body they have opened up is an extension of one of the Golden Cycle veins it surely must cross the Amazon property in order to be found in the Sitting Bull. This section of the camp promises to be the scene of considerable activity during the present year and developments will be watched with interest. If the theory advanced concerning one of the Cycle veins crossing these properties is correct it adds value to the Aluminum claim which President Milliken of the Golden Cycle recently purchased from the Gold Knob company.

MUD HEN AND BOB TAIL LEASED BY DES MOINES

The Des Moines company has granted a lease to J. F. Brown upon its two claims, the Mud Hen and Bob Tail on Raven hill. This lease was signed up Wednesday and became effective on that day. Mr Brown began operations upon the property yesterday morning and intends pushing the work of development. He begins operations with a small force but will increase as conditions warrant. There are now two shafts on the Bob Tail claim, one on the north half and the other on the south but the lessee will sink still another and prospect from the surface for an entirely new ore body. The Bob Tail claim adjoins the Hippo Vein of the Central Consolidated company, on which an important strike was made some little time ago. The Des Moines property has been idle for some time past and the resumption of operations upon it will materially increase the activity on the north slope of Raven hill.

JUDGE GUNNELL REPORTS GOOD STRIKE ON LITTLE MATTIE

Judge A. F. Gunnell of this city recently visited Idaho Springs in the interests of the Little Mattie company to investigate the strike reported as having been made upon the property of that company. Upon his return Judge Gunnell corroborates the story in the fullest detail and classes the strike as more important than at first reported. The entire breast of the fourth level is in ore and ore of high grade, the exact figures not being immediately available. The entire property is looking better than at any time in its history and the [illegible]

[illegible]

MACDERMID MAKES ANSWER TO THE WATKINS ACTION

Broker K. Macdermid through his attorneys has filed answer in the county court to the suit brought against him by Letitia Watkins. In the original complaint the defendant was charged with misappropriating 1,000 shares of C. K. & N. stock which was said to be valued at the time at $4. The answer filed is a lengthy one and goes into the details of the transaction. It is alleged that the plaintiff engaged the services of the defendant as a mining stock broker on July 8, 1899, and that the defendant was authorized to invest the sum of $110 in such mining stocks as in his judgment offered chances of profit. The defendant claims to have sold the stock [illegible]

KEYSTONE'S SITTING BULL TO JOIN THE PRODUCERS

Reports from Cripple Creek indicate that the recent strike on the Sitting Bull claim of the Keystone company will result in placing that property in the list of producing mines. As will be remembered the lessees, Kurtz & Six, opened up a vein at surface which they have followed down on its dip for some distance, the values increasing with every foot of depth gained. They were so encouraged by this showing that they applied for and were granted a lease upon the entire claim in order that they might search for the new ore body from the main shaft. Immediately upon receiving the new lease an additional force was put at work driving a crosscut from the bottom of the shaft at a depth of 240 feet. Within 20 feet of the shaft the ore body opened at surface was cut and with pay values. A winze [illegible] feet deep was then sunk from the [illegible]

WILL OPEN MINERAL HILL TO 1,000-FOOT POINT

[illegible] This is the best Mineral hill news that has been made public and it is thought that when great depth is attained [illegible] Colonel J. K. Walsh and his associates who own the property have implicit faith in Mineral hill [illegible] and with a free hand and perfecting development work that will show mineral hill to be just as rich in ore as any of the other hills.

They have ordered a large steam plant of machinery and a four drill air compressor and they intend to push the work of sinking and developing the territory just as fast as it can possibly be done.

It is their intention to continue the shaft on down to the depth of 1,000 feet cutting stations every 100 feet as sinking proceeds. Extensive development is to be performed while sinking is in progress and there is no telling just how soon ore will be encountered in quantities to pay for shipping.

The shaft is now 158 feet deep. Two, [illegible]

The Wm. Eagle [illegible] the Stratton estate [illegible] continues to be an object of attention in Cripple Creek [illegible] In addition to the work on the main shaft Lessee Darnell is now hoisting ore from a new place down the hill from the present working shaft. This is a shallow shaft from which some low grade ore was taken a number of years ago. That old shaft is just to the east of the men working shaft on the [illegible] that is now about [illegible] Big ore bins have been erected and shipment will be made as soon as sufficient ore is hoisted to close [illegible] Whether this ore in the old shaft is an overflow from above or not has not yet been determined. The tonnage from the main working shaft continues at about the same tonnage. It is thought that 1,000 tons of an average value of $30 per ton will be produced during the present month. The winze being sunk from the main shaft is now at 40 feet below the bottom level and a drive is being made for the ore which dipped out of the winze some [illegible] feet above. The winze has been sunk in the formation between [illegible] It is thought that a short drive will open up this ore body.

HOISTING ORE FROM NEW PLACE ON WAR EAGLE

[illegible]

MOOSE CO. PROSPECTING WITH DIAMOND DRILLS

Following the example of the St. Louis [illegible] the Moose company will [illegible] with diamond drills. It is the intention to explore [illegible] by this means and if possible the extent of the [illegible] that occurs in the bottom level. The drills have been started from the [illegible] level at a depth of 1,050 feet and are being sent to the north [illegible] and southwest. They are being sent down at [illegible] slanting position [illegible] The formation [illegible] has been spoilt by the [illegible] Should an ore body be encountered through the operation of diamond drills [illegible] of the bordering property will be [illegible] The [illegible] of the Moose property was [illegible] at 600 feet and although the shaft has been sunk 300 feet [illegible] the management [illegible] from the excesses they have passed.

BURROWS PARK DISTRICT COMING TO THE FRONT

With [illegible] mining district popularly known as Burrows Park in Hinsdale county has [illegible] While the discovery of the [illegible]

[illegible] Itching, Burning and Scaly Eruptions.
Instant Relief and Speedy Cure Afforded by
Cuticura Soap, Ointment and Pills When All Else Fails.
COMPLETE TREATMENT, $1.00.

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis, the loss of hair and crusting of the scalp, as in scalled head, the facial disfigurement, as in pimples and ringworm, the awful suffering of infants and the anxiety of worn-out parents, as in milk crust, tetter and salt rheum, all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment and Pills are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy, have made them the standard skin cures and humour remedies of the civilized world.

Bathe the affected parts with hot water and Cuticura Soap, to cleanse the surface of crusts and scales and soften the thickened cuticle. Dry, without hard rubbing, and apply Cuticura Ointment freely, to allay itching, irritation and inflammation, and soothe and heal, and, lastly, in the severer forms, take Cuticura Resolvent Pills, to cool and cleanse the blood. A single set is often sufficient to cure the most torturing, disfiguring and humiliating skin, scalp and blood humours, with loss of hair, when all else fails.

Get a Good Start this year and keep it up.
If you're looking for a good route East here's the Burlington—miles the shortest to Omaha and Chicago Equally good service to Kansas City and St. Louis.

DR. PRICE'S TRYABITA FOOD
THE ONLY CELERY CREAM WHEAT FLAKE

Forty years ago rival food manufacturers delighted in calling me a "crank" on pure food manufacture and culinary science. Pure food history clearly proves, however, that I was working along correct and practical lines. No better illustration of this can be given than the fact that seven out of every ten American housewives unhesitatingly admit that the Baking Powder and Flavoring Extracts that bear my name are unmistakably the best.

During all these many years I have devoted myself to the single purpose of creating a scientifically prepared ready to eat wheat flake cereal food.

Finally, after nearly half a century of effort I confidently launched "Dr. Price's Tryabita Food," the only celery cream wheat flake. This food I consider a triumphant success. Its inherent merit and quality will win its way to the top as have my Cream Baking Powder and Flavoring Extracts. I invite criticism from scientific culinary chemists and from the educated palate of the epicure.

My Signature is on Every Package.

Dr. V. C. Price
Creator of Dr. Price's Cream Baking Powder and Delicious Flavoring Extracts

Prepared by PRICE CEREAL FOOD CO., Battle Creek, Mich.

COLORADO SPRINGS MINING STOCK EXCHANGE

Colorado Springs, Jan. 22.—The mining stock market this morning showed continued improvement in prices, but the volume of business still shows an unsatisfactory condition. With the amount of trading increasing to keep pace with the advancing prices, the local market would see, not boom conditions, but a generally prosperous time. In the mines list Acacia opened the day's trading by advancing fractionally. Doctor-Jack Pot was a light trader at stationary prices. Elkton gained one cent a share on sales aggregating 6,200 shares. Elkton stock has shown strength since the contract for the drainage tunnel was let. El Paso gained over two cents a share, 12,000 shares changing hands. Isabella was fractionally lower and was not in demand. Lexington and Pinnacle both gained fractionally. Portland advanced one cent a share. Among the preferred prospects, fractional advances were again the rule. American Con. made a slight advance on a small sale. Beacon Hill Ajax remained stationary and Eleanor advanced fractionally on a large sale. Gold Bond sold at yesterday's quotation and Keystone advanced fractionally. Missouri and New Haven remained stationary. Des Moines and Republic advanced fractionally. Sunset-Eclipse gained fractionally on the opening, but closed slightly lower. Uncle Sam gained fractionally. In the prospects lists, Ernestine gained and Kitty advanced fractionally. Marquette gained and Old Gold remained stationary, the business in the latter stock showing a falling off. Rattler gained.

EASTERN MARKETS

NEW YORK STOCK MARKET.

Report from Ladenburg, Thalmann & Co., to Otis & Hough.

New York, Jan. 22.—Venezuelan developments had an adverse effect on values in the early market. After the first hour their effect was seen more in the repression in activity. The undertone improved and good advances were scored by a number of issues, those of the St. Louis & San Francisco leading. On the whole it may be said that the market behaved well in view of fear that foreign complications of a serious nature might follow the latest Venezuelan incident. There was no pressure of stock for sale and little but professional trading. The arbitrage business was too small to be a factor. Sentiment was favorably affected by the heavy engagements of grain for export which were the more important because they were made on an advancing market.

Demand Sterling, $4.87.

McIntyre & Marshall — The renewed aggressiveness of the German forces in Venezuela with apparently no provocation, encouraged the trading element to make capital out of them and they sold the list on the opening and at frequent intervals during the forenoon. The pressure from this source with some scattered liquidation caused a dull and dragging market.

The bear element found the market well supported with buying orders on the scale down in many stocks, particularly Eries', Reading's, Rock Island, St. Paul, Soft Coalers and Trunk Lines, and later the market advanced under the efforts of early sellers to get back their stocks, stimulated by inside buying in specialties like C. & O., T. C. & I., and St. L. & S. F. Trading was mostly professional and the market so narrow that it was easily influenced.

Washington authorities do not seem alarmed over the Venezuelan matter and many well posted people believe it will not amount to anything. Money continues easy, general trade good and exports of wheat, corn and cotton are large. The market may have reactions, but we believe good stocks are a purchase on all good declines.

CHICAGO GRAIN & PROVISIONS.

Furnished by Otis & Hough, Bankers and Brokers, 127 Pike's Peak Avenue.

Chicago, Jan. 22.—Wheat Liverpool, ¼ to ½ higher, Paris ⅜ to ¼ higher, Antwerp unchanged. Strength in Liverpool, according to private cables, due to unsettled weather in Argentine, together with strength in American markets. Speculative market was fairly strong throughout the session, making a new high record, closing within a fraction of top prices. There was nothing special in the way of news except that which has been coming to the market for some time past. Pacific coast news was all bullish while the southwest reported fair export demands at about yesterday's prices. Duluth reported a better flour inquiry from the east while Minneapolis reported some further inquiry from Australia for flour. There was some disposition to take profits during the first half hour which caused the market to yield slightly from opening figures, but the support given the market by the leading bull interests was sufficient to cause a sharp rally of over one cent per bushel. It is generally believed that instead of realizing on a portion of his holdings Valentine must have added in the neighborhood of three million bushels to his present holdings. We see nothing in the situation to change our opinion and while sharp reactions may take place from time to time we believe wheat bought on weak days will make money.

Estimated cars, 70.

Corn—Liverpool, ½ higher. There has been a decided increase in the trade. The seaboard reported fairly large sales. There was also a good cash demand reported here and in the southwest. A good deal of investment buying made its appearance and there was also liberal covering on the part of those who for the past few days has been persistent sellers. This short interest in this market, as pointed out from time to time, is very large, in our opinion and if a general covering movement should set in, a sharp rally in the price would not be unlikely. We believe corn should be bought on all reactions.

Estimated cars, 400.

Oats—Market opened a shade higher in sympathy with wheat and corn and ruled strong throughout the session. A brisk cash demand was again reported, 75,000 bushels having been sold here at ¼ over yesterday's figures. There was good demand for May throughout the day. This situation looks strong and we believe the market will work higher.

Estimated cars, 205.

Provisions—Influenced by the lower prices at the yards for hogs, market opened a shade easier. There was, however, very little product for sale and market rallied sharply on good buying through the list. The large packing interests were doing very little either way although Swift was credited with being seller of lard. We are inclined to believe that provisions sold on the sharp rallies can be bought back cheaper.

On the produce exchange today, the butter market was steady; creams, 17@25; dairy, 17@23; eggs, steady, 23½; cheese, steady, 13@14.

Money Market.

By Associated Press.

New York, Jan. 22.—Money on call easier, at 2½@4½, closing at 2½; time money steady, 60 days, 4½@5; 90 days, 4½@5; six months, 4½@5.

Prime mercantile paper, 5@5¾. Sterling exchange firm at $4.8690@4.8695 for demand and at $4.8390@4.8395 for 60 days. Posted rates $4.84½ and $4.87½@4.88. Commercial bills, $4.83½@4.84.

Bar silver, 47. Mexican dollars, 37½. Bonds, Government, steady; railroads irregular.

Metal Market.

By Associated Press.

New York, Jan. 22.—Tin advanced 15s 6d in London today, closing at 1,123 15s 6d for both spot and futures. The local market was somewhat influenced by the foreign strength but was irregular, closing at $28.25@28.37½. Copper was higher in London, closing there at an advance of 17s 6d to L53 12s 6d for spot and L53 17s 6d for futures. On this side the market was firm and a shade higher. Standard is quoted at $11.75; lake at $12.25@12.50; electrolytic, $12.20@12.50, and casting at $12.00@12.25. Lead declined 1s 3d in London to L11 10s, but here it remained quiet and steady at 4⅛. Spelter was higher in both markets, although trade was quiet. London advanced 2s 6d to L20 5s and the average price here was increased by about 2½ points, the closing being at $4.90@5. Iron was firm abroad, with Glasgow closing at 53s 7d and Middlesboro at 47s 4½d. Locally iron was quiet and unchanged.

Chicago Live Stock.

By Associated Press.

Chicago, Jan. 22.—Cattle—Receipts, 10,000, including 500 Texans; westerns slow. Good to prime steers, $4.50@5.85; poor to medium, $3.25@4.50; stockers and feeders, $2.25@4.10; cows, $1.40@4.50; heifers, $2.00@4.75; canners, $1.40@2.00; bulls, $2.00@4.50; calves, $3.00@7.50; Texas fed steers, $3.50@4.50.

Hogs—Receipts today, 24,000, tomorrow, 25,000; left over, 5,000; 10@15c lower. Mixed and butchers, $6.25@6.60; good to choice heavy, $6.60@6.90; rough heavy, $6.40@6.60; light, $5.90@6.30; bulk of sales, $6.40@6.60.

Sheep—Receipts, 10,000; sheep strong; lambs strong, 10 higher. Good to choice wethers, $4.40@5.00; fair to choice mixed, $3.25@4.40; western sheep, $3.50@5.00; native lambs, $4.25@6.25; western lambs, $4.50@6.10.

Denver Live Stock.

Denver, Jan. 22.—Cattle—The cattle market was quiet today under light receipts but prices were steady all around. The top beef steers brought $4.40 but the bulk of the fat stuff sold below $4.00. The bulk of the fat cows sold at $3.25@3.40, but butcher offerings were light. The stocker and feeder market had but few offerings and none of "good" enough quality to bring anywhere near the top. The best of the offerings sold at $3.50@3.89, with the plain kinds selling around $3.00@3.25. The general tone of the market was rather slow. Eastern markets are getting much half fed stuff owing to the high prices on corn and hay, and the trade is looking for little improvement for some weeks yet. Choice export cattle are very firm and will bring fancy prices, but the bulk of the arrivals on the markets are of the fair to good kinds and much of the stuff is only half finished. There seems to be a good demand for choice heavy feeders and cattle that show quality, but the plain kinds are still slow sale and show but little if any improvement over the first of the month. The outlook is for a fair run of cattle for this market and packers have no complaint as to supplies.

Hogs—Receipts were fairly liberal again today and prices were steady to a shade easier in sympathy with the river. Packers are encouraged at the more liberal supplies coming, but are buying freely. The top sold at $6.70, 5 cents above Omaha, and the bulk went at that figure. The demand continues good and the trade will take all that come.

Sheep—The market is quiet and unchanged, with supplies coming about equal to the demand. The beet sugar factories are supplying this point now with pulp fattened sheep and the trade reports plenty in sight for all demands. One load of very good ewes sold today at $3.55. The market is quotably the same as the river.

KILLED BY SNOW SLIDE

By Associated Press.

Salt Lake, Jan. 21.—A special to the Herald from Logan, Utah, says that Joseph Moser, Jr., and Albert Moser, two young men of Whitney, Idaho, were killed in a snow slide in the Cub river canon today. The two Mosers, with three other young men, were engaged in getting out fire wood when the slide occurred. The whole party were caught in the slide but three of them managed to extricate themselves and later assisted in recovering the bodies of the two victims.

THE ODD PENNIES.

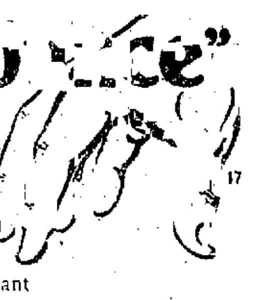

For the sake of saving odd pennies don't buy an inferior emulsion when you really need Scott's Emulsion.

The difference in price is pennies. The difference in results is pounds—pounds of new flesh—and days of strength and comfort.

Those who have lost flesh can regain it more quickly by means of Scott's Emulsion than in any other way.

RESTRAINING ORDER WAS DISSOLVED

Short Line Now Entirely Free to Carry Out Its Improvements in Cripple Creek.

Cripple Creek Bureau
Colorado Springs Gazette.

Cripple Creek, Jan. 22.—The temporary restraining order which was issued by the district court some months ago on complaint of the First National bank and the Colorado Trading and Transfer company against the Colorado Springs and Cripple Creek District Railway company was dismissed this morning by Judge Seeds of the district court. Several months ago the railroad company attempted to lay tracks up Fifth street from Myers to Bennett avenue, this being done on Sunday morning at the time nearly causing a riot between the employes of the trading company and section men. The case was brought up this morning on motion of the defendants asking for it to be dissolved, which was granted by the court in a very short time.

IN DISTRICT COURT.—The case of Dora Lapham vs. D. L. Reynolds of the firm of Reynolds & Berbower, real estate and insurance men of this city, was tried in the district court today. Plaintiff sued for a sum of $1,700 which her husband gave defendant to invest for him in Aspen some years ago. The investment proved a failure and defendant then gave the husband of the plaintiff his personal note. The note could not be collected as Reynolds subsequently went through the bankruptcy court. The defense held that the experience in bankruptcy prevented any collection at this time and submitted a motion asking the court to direct a verdict for the defendant, which was done.

SUES INDEPENDENCE.—James T. Stewart, formerly sheriff of this county, began suit in the district court today against the Stratton Independence Consolidated Limited for $30,000. He states in the complaint that he was deprived by the company of a chance to work a plat of ground in the Independence territory when at the time he had some four feet of ore in the face, roof and floor of a stope and one year in which to extract it. He expended $900 in prospecting and preparation and believes that his discovery would have netted him at least $30,000, hence the action.

INCORPORATIONS.—Incorporation papers were filed today with the county clerk and recorder by the Fremont Mining and Development company, who will operate in Fremont, Teller and Hinsdale counties. The company is capitalized for $500,000, divided into 500,000 shares of the par value of $1 each. The following gentlemen will comprise the directorate for the coming year: G. D. Cummings, J. I. Torrence, J. A. Milner, A. F. Meyers, I. I. Meserve, A. K. St. Clair, W. G. Edgerton, A. Hannah and O. H. Jones, the company having their principal office in the city of Florence, Colorado.

Also papers were filed for the incorporation of the Colorado Finance and Development company. This company is capitalized for $300,000, with 300,000 shares at a par value of $1 each. The following directors will have charge for the coming year: C. H. Kittridge, H. T. Churchill, H. H. Tangman, J. D. Husted, J. F. Hadley, Bruno Hobbs and J. H. Moore, with their principal office located in Denver. This company will operate in Arapahoe, Routt, Grand, Garfield and Teller counties.

DAMAGE SUIT.—A damage suit for $3,496 was filed in the district court today by R. E. Brinkerhoff against the Valley City Gold Mining Co., a corporation. The complaint recites that on November 27, 1902, while plaintiff was working on the ninth level of the Shurtloff No. 3 mine, through negligence on the part of the company from the fact that they had left boards which were used for lining the shaft loose, when hoisting a bucket of ore, one side of the bucket caught on one of the planks, tipping the bucket so that part of the rock fell down the shaft. Several pieces, one of them weighing some 20 pounds, struck plaintiff on the foot, breaking the tarsal bones beside mashing and bruising his left leg and foot, for which he now sues for damages to the extent of $3,496 and costs of case.

CHARGED WITH BIGAMY.—Deputy Sheriff Sweeney of Denver returned today with Edwin S. Gesner, who was arrested in this city yesterday at the instigation of Denver authorities. He is being taken back to face the charge of bigamy.

DEED FILED.—A deed was filed today conveying lot No. 9, block 1, of Cripple Creek from the firm of Bump & Hill to W. J. Hill, the consideration being $3,000.

SUIT FILED.—A suit was filed in the district court today by Mrs. A. J. Strachs against Orvel Snyder to recover $87.75 for merchandise and horse hire furnished defendant.

FUNERAL.—The funeral of Mrs. Lee Vaile occurred from the undertaking rooms of Bell & Gesell at 2 o'clock this afternoon. Deceased was buried by the county. Interment took place at Mt. Pisgah cemetery.

VISITED PRINCE ALBERT.—H. H. Barbee, a prominent mining broker and promoter of Colorado Springs, accompanied by Mr. [illegible], one of the heaviest stockholders of the Buffalo Cripple Creek Mining company, also a partner of President Oaks of this company, arrived in camp this afternoon and visited the Prince Albert property on Beacon hill, on which it is said an option has been secured by these gentlemen.

THE FOSDICK ESTATE AT PUEBLO SETTLED

Heirs Received $24,400 From Property From Which They Expected Nothing—Trades Assembly.

Pueblo Bureau
Colorado Springs Gazette
With Colorado Securities Company

Pueblo, Jan. 22.—At a meeting of the trades assembly last night the cooperative laundry which was formed last year by laundry workers who were on a strike was reported to be in good condition and nearly out of debt. Delegates from the Bakers and Confectioners union were obligated and seated and resolutions were passed thanking the Star-Journal for favors extended. The organization of the laborers of the city was discussed with the intention of getting all workingmen of all classes in the labor unions. It was decided to ask the city council to establish the office of meat inspector and appoint a members of the Butchers union to that office. It was also stated that there are now no strikes in progress in any of the unions affiliated with the assembly.

FOSDICK ESTATE.—In 1899 Henry M. Fosdick died here leaving an estate a portion of which was certain acreage of land and one share of stock in the Arkansas Valley Ditch company. The will provided that all the property should be sold within one year, but as no opportunity offered itself to sell the ditch stock to good advantage the estate has remained unsettled. In the purchase of water rights by the C. F. & I. Co. recently this land and stock come in as a part of the deal. The heirs, who are Henry M. Fosdick Jr. and Lucy A. Fosdick, will receive from this property from which they have expected nothing $24,400. The matter was presented to the county judge late yesterday afternoon and the sale of the said stock to the said company was ordered today.

COMMISSIONERS.—The question of whether Pueblo is to have five or three county commissioners hereafter seems to be near a solution. The motion to dismiss the writ of error was made in the supreme court a few days ago on which the county commissioners appealed from the order of Judge Voorhees that they should redistrict the county. In view of the constitutional amendment passed by the last election it begins to look as though two of the members elected at that time are likely to lose their seats.

KILLED AT CROSSING.—Last night a Mexican named Sebero Ortago was killed by Rio Grande passenger train No. 5 at the Fifteenth street crossing. Another Mexican who was with him was badly injured.

RIO GRANDE INSPECTION.—General Superintendent William Coughlin of the Rio Grande is making his first tour of inspection. He arrived here today in company with his predecessor, F. L. Egan, and D. Hardy, superintendent of the first division. The new superintendent states that his policy will be to make employes more perfect instead of discharging them.

CONCEALED WEAPONS.—Once more this morning Police Magistrate Hogan refused to recognize a permit to carry concealed weapons which had been signed by the sheriff unless the document bestows upon its owner the power to make arrests. This case was an Italian who was fined for carrying a sling shot.

REVIVAL SERVICES.—Rev. Ira D. Williams of Colorado Springs is conducting revival services at the Free Methodist church in this city. Tonight his topic was "Discerning of Spirits."

JOINT INSTALLATION.—Tonight Valley camp No. 29, Woodmen of the World, and Banner circle No. 4 held joint installation of officers at their hall on South Union avenue.

BESSEMER POSTOFFICE.—In the matter of location of the new sub postoffice station which is now being considered at Washington, much interest prevails all over Bessemer and the Minnequa additions. Already seven different locations are candidates and inside lots in the vicinity of these places have risen on options to $1,250 each.

When the American cycle riders go to France next spring it is very probable that miles close to one minute will be ridden. The prediction is made that over 50 miles an hour will be made by the pace followers. This is because the pacing machines are 26 inches, with huge wind shield built to the back of the pacemakers.

ANTI-TRUST BILL PROPOSED BY HOUSE SUB-COMMITTEE

By Associated Press.

Washington, Jan. 22.—Representative Littlefield of Maine, chairman of the sub-committee of the house judiciary committee to which all anti-trust bills were referred, tomorrow will report to the full judiciary committee a bill which has been drawn and adopted by the sub-committee. Several weeks have been devoted to the preparation of the bill. The sub-committee considered some 25 or 30 measures. The bill is offered as a substitute for the publicity bill introduced by Representative Littlefield at the last session. The full committee is expected to take the bill up tomorrow and decide if it is to be reported to the house as now framed. The text of the bill follows:

"A bill requiring corporations engaged in interstate commerce to make returns, prohibiting rebates and discriminations, the use of interstate commerce in attempts to destroy competition, and for other purposes.

Be it enacted, etc., that every corporation which may be hereafter organized shall at the time of engaging in interstate or foreign commerce, file the return hereinafter provided for, and every corporation, whenever organized and engaged in interstate or foreign commerce, shall file a return with the interstate commerce commission for the year ending December 31, whenever and at such time as requested by said commission, stating its name, date of organization, where and when organized, giving statutes under which it is organized and all amendments thereof, if consolidated, naming constituent companies and when and when organized, with the same information as to such constituent companies so far as applicable as is herein required of such corporations; if reorganized, name of original corporation or corporations with full reference to laws under which all the reorganizations have taken place, with the same information as to all prior companies in the chain of reorganization so far as applicable as is herein required of such corporation; amount of authorized capital stock, shares into which it is divided, par value, whether common or preferred and distinction between each, amount issued and outstanding, amount paid in, how much if any paid in in cash and how much if any in property, if any paid in property describing in detail the kind and character and location with its cash market value at the time it was received in payment, giving the elements on which said market value is based and especially whether in whole or in part upon the capitalization of earnings, earning capacity or economics, with the date and the cash price paid therefor at its last sale, the name and address of each officer, managing agent and director, a full true and correct copy of its articles of incorporation, a full true and correct copy of any and all rules, regulations and by-laws adopted for the management and control of its business and the direction of its officers, managing agents and directors. Nothing herein contained shall be construed as relieving any corporation from making, in addition to the foregoing, such returns as are now required by the act to regulate commerce approved February 4, 1887, and all amendments thereof, but the provisions of this act as to signing and making oath to returns and making answers on oath to written inquiries shall be applicable to returns and such answers made under such acts and amendment thereof.

So far as any return may be a duplicate of one already filed, that fact may be stated and the details which are in such case duplicates may not be repeated. Upon its being made to appear to the satisfaction of the commission that without fault on its part it is impracticable for such corporation to furnish any of the items aforesaid, it may by a written order of said commission be excused from furnishing such item or items.

"Said commission shall cause to be prepared a blank return for the use of such corporations containing the foregoing requirements and shall make such rules and regulations as may within its judgment be necessary to carry out the purpose of this act. The president, treasurer and a majority of the directors of such corporation shall make oath in writing on said return that said return is true. The treasurer or other officers of such corporation having the requisite knowledge shall answer on oath all inquiries that may be made in writing on the direction of said commission in relation to said return. Any corporation failing to make such return or whose treasurer or other officer shall fail to make the answers aforesaid may be restrained on the suit of the United States from engaging in interstate commerce until such return is made. Suit may be brought in any district of the United States at the election of the attorney general.

Section 2. That whoever knowingly swears to a return that is false in any material particular or knowingly swears to an answer to any such inquiry that is false in any material particular shall be deemed guilty of perjury and punished as provided in Section [illegible] of the revised statutes of the United States. Whoever shall knowingly prepare or cause to be prepared a return or answer that is false as aforesaid shall be deemed guilty of subornation of perjury and punished as aforesaid.

Section [illegible]. That it shall be the duty of said commission to cause to be prepared and published once or before the first day of June in each year a list of all corporations [illegible] with an abstract of such returns for free distribution in such numbers [illegible] said commission may deem [illegible] [illegible] at reasonable [illegible] demand thereto [illegible] under the direction of the commission.

Section 4. That [illegible] commission shall have the same authority [illegible] into the management of the business of said corporations relating to interstate and foreign commerce in the same manner and to the same extent, with the same power to compel the attendance and the giving of testimony by witnesses and the production of books, papers, contracts and documents [illegible] as is provided in an act to regulate commerce, approved February 4, 1887, and amendments thereof [illegible] [illegible] may employ such [illegible] [illegible] in its judgment may be [illegible] [illegible] properly executing the [illegible] [illegible] of this act [illegible] shall make an annual report to the president [illegible] containing [illegible] such specific recommendations as to additional legislation as it may deem necessary.

Any person who shall neglect or refuse to make return [illegible] [illegible] or answer any lawful inquiry [illegible] [illegible] provided for [illegible] books, papers, contracts, agreements and documents if in his custody [illegible] control or power to do so in obedience to the subpoena or lawful requirements of the commission shall be deemed guilty of an offense against the United States and upon conviction thereof by a court of competent jurisdiction shall be punished by a fine of not less than $500 nor more than $5,000.

Section 5. That any person, officer, trustee, receiver, officer, agent or representative of a carrier subject to the act to regulate commerce who [illegible] which shall offer, grant, give, solicit, accept or receive any rebate, concession, facilities or service in respect to the transportation of any property in interstate or foreign commerce by any common carrier subject to said act whereby any such property shall by any device whatever be transported at a less rate than that named in the tariffs published and filed by such carrier as is required by said act to regulate commerce or shall receive any advantage by way of [illegible] service shall be deemed guilty of a misdemeanor and shall upon conviction thereof be subject to a fine of not less than one thousand dollars [illegible]

VICTOR MAN WENT TO BED IN WRONG HOUSE

For the Next 21 Days He Will Sleep in Jail—Ore Thieves Elude Capture.

Victor Bureau
Colorado Springs Gazette.

Victor, Jan. 22.—Early this morning Fred Cothran, finding the home of Mrs. Cora Crochett at 122 W. Diamond avenue apparently unoccupied, opened the front door open and went to bed. About one hour after this had taken place Mrs. Crochett returned and finding the man in bed screamed at the top of her voice. Her loud cries brought the police to her rescue, when Cothran was arrested and placed in jail. This evening he was arraigned in police court, pleading guilty he was fined $7.00 and costs which he could not pay and was then sentenced to 21 days in jail. Tomorrow morning Mrs. Crochett will swear out another warrant charging him with burglary and house-breaking, which is liable to go very hard with the fellow.

ORE THIEVES MISSING.—Officer Jack Lunham returned from Florence where he has spent several days looking after the ore thieves who stole some 15 sacks of ore from the Trachyte property about a week ago. He reports having been hot on their trail but was unable to catch the culprits. Having the names and the descriptions of the thieves he spent nearly all his time watching the different mills expecting the thieves to come for their settlement, but in this he was foiled.

GRUBE'S BIG BUSINESS.—Word was received from the Grand Encampment country that Fred Grube, formerly of the firm of Keith & Grube, ore haulers of this district, is now at the head of one of the largest transfer and hauling outfits ever established in the west. They are working 70 four-horse teams in handling their business, and their equipment of wagons and harness, etc., is said to be of the latest and very best make. Associated with the company are W. C. Westcott and Mr. Ward, both former residents of this end of the district.

DIFFICULT OPERATION.—This afternoon Doctors Cohen and Bristoll performed a somewhat difficult surgical operation upon Chas. Franklin in the hope of affording him permanent relief from a chronic ailment which has afflicted him for years. Mr. Franklin has been [illegible] before [illegible] [illegible] [illegible] It is to be hoped that [illegible] may [illegible]

RECEIVED CHECKS.—[illegible] [illegible] [illegible] [illegible] [illegible] furnished the [illegible] [illegible] all debt [illegible] him.

STRUCK BY ROCK.—A miner working on the Hull City [illegible] was struck by the [illegible] rock this morning [illegible] [illegible] although it [illegible] [illegible]

ARM [illegible].—[illegible] [illegible] at his home from [illegible] [illegible] shots. His injuries [illegible] [illegible]

REMOVED TO DENVER.—Mr. [illegible] of this city who has [illegible] [illegible] left for Denver [illegible] [illegible] the hospitals there.

INJURED.—W. [illegible], master mechanic of the Victor [illegible] this morning sustained slight injuries while lifting some heavy piping. [illegible] who was standing on some [illegible] attempted to lift a large pipe when he slipped, sustaining injuries to his back and spine.

VISITING PRESBYTERIAN.—The Rev. Dr. C. McNair of Colorado Springs is in the city the guest of his daughter, Mrs. C. H. Corbin. The doctor will preach Sunday morning at the local Presbyterian church.

RIO GRANDE CARS WRECKED

By Associated Press.

Salt Lake, Utah, Jan. 22.—Twenty-seven loaded cars of a Denver & Rio Grande coal train broke away while the train was pulling into a switch at Red Narrows and ran wild down the long steep grade to Thistle Junction, a distance of seven miles. All the cars left the track and were literally ground to kindling wood, having reached a speed of probably 100 miles an hour. No one was injured.

STAPLE GOODS SLAUGHTERED

Friday and Saturday we will "Deliver the Goods" almost at your own prices—We challenge comparison of these goods and these prices. NOTE—Thousands of yards of most beautiful embroideries about 3 to 4 yards for the price of one.

[illegible] [illegible] [illegible] Mr. [illegible] [illegible] suggest that [illegible] [illegible] thing more definite should [illegible] [illegible] [illegible] Mr. Wheeler [illegible] [illegible] [illegible] the resolution was adopted unanimously.

HOUSE LEADERS DEFEATED ON PHILIPPINE COINAGE

By Associated Press.

Washington, Jan. 22.—The house leaders went down to signal defeat today when the house, by a vote of 146 to 128, rejected the Philippine coinage bill reported by the insular affairs committee and adopted the substitute offered by the minority for the introduction of American currency and the American coinage system in the islands.

The insular committee includes in its membership the chairmen of the most powerful committees of the house, Mr. Cannon, chairman of appropriations, Mr. Hitt, chairman of foreign affairs, Mr. Payne, chairman of ways and means, Mr. Hepburn, chairman of interstate commerce, and Mr. Tawney, chairman of the committee on expositions.

They reported a bill to establish a gold standard in the islands and to authorize the coinage of silver pesos of 416 grains to be made legal tender [illegible]

[illegible] [illegible] the United States shall [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] The bill [illegible] the Philippine government [illegible] [illegible]

Colorado City News

Headquarters at the Office of the Colorado City Realty Co.—Postoffice.

Andrew Carnegie Might Aid Library Project Here

One year ago Mr. Beyle, acting in behalf of the chamber of commerce as president, wrote a letter to Senator Teller asking that he would interview Andrew Carnegie and obtain a hearing in regard to giving something toward a library for this city. In due time this was done and now an answer has been received that sounds very favorable.

Mr. Beyle also wrote the officials of each of the five railroads that run through this town and are interested here and asked that they do all that was in their power to attain this end. Mr. Carnegie requested information as to what the city and people would do toward giving a suitable site and raising part of the fund.

The matter will receive immediate attention.

BRIEF CITY ITEMS

GUN CLUB—The Pastime Gun club held a shoot yesterday afternoon at the grounds on north Eighth street. A large crowd was present and several fine scores were made.

GIFT PRESENTED—The Guards of the Women of Woodcraft, with their captain, Mrs. Lucky, presented their pianist, Mr. W. S. McNider, with a beautiful hand-painted china cracker bowl with silver cover. On the cover was engraved these words: "Presented to W. S. McNider by the Guards of the Pike's Peak Circle, Women of Woodcraft." Mr. McNider was very much pleased and surprised with the gift.

THE YEOMEN ORGANIZE A TEAM—The local Yeomen met last Monday night and organized two teams. They elected Cy Hickson as captain of one and David Kinch captain of the other. As soon as they have practiced a little they will hold drill contests and the defeated side will be obliged to give an oyster supper to the victors. This is sure to furnish an oyster supper quite often to the members of the teams. At the installation of officers a short time ago Judd Young was installed as one of the guards.

DR. ... J. Deck, formerly of this city, died at his home in Silver Plume, Colo., of heart failure. Dr. Deck was quite well known here and practiced medicine for about five months last summer in this city. He leaves a wife and little daughter six years old to mourn his loss.

MASQUERADE BALL—The B. R. C. of A. have made final arrangements for their masquerade ball tonight. It will be of a high order and nothing will be spared to insure everyone a good time. The music will be under the leadership of the celebrated Fink's orchestra and a special train will be run to Colorado Springs after the ball for the benefit of Colorado Springs patrons. Handsome prizes will be awarded for the best costumes.

I. O. O. F.—I. O. O. F. Colorado City lodge No. 77, will meet tonight. Work will be in the second degree and a special invitation is given to all visitors.

CASE SETTLED—In the case of Barrow vs. Brayer, the Star Grocery Clothing company garnishee, Judge Faulkner rendered judgment in favor of the plaintiff and ordered the garnishee to pay the money in its hands into court for the use and benefit of the plaintiff. The defendant appealed.

BADGER MOUNTAIN ORE—Mr. P. A. Aller, who just came down from Badger mountain, reports that he has struck a wide vein of ore at the depth of thirty feet, which is very valuable. He had this assayed in Denver and the assay ran $4 in gold to the ton, $4 of silver and 64 per cent of copper. There are several parties of Colorado City people interested in that district and they watch with great interest all that develops there.

BORN—To Mr. and Mrs. N. K. Bates a son, Tuesday night.

CARNATION CLUB—The carnation club held its weekly meeting last night and a large crowd was present. An enjoyable time was reported by all.

BORN—To Mr. and Mrs. Will Roderick, 904 Jackson street, Tuesday morning, a son.

SCHOOL NOTES.

PHYSICS CLASS AT WORK—The laboratory in the basement of the Bancroft building has all the doors and windows darkened and the tenth grade pupils can be found working out experiments every morning.

TEACHER'S MEETING—Teachers' meeting was held Monday evening and several questions were discussed.

NEW TERM—The new term of school will begin Monday, Jan. 26, at which time a beginners' class will be placed in all the schools and at that time any pupil wishing to begin school is requested to start. This class has been prepared for and is expected to be quite large, as Miss Hall has word from 16 already. The promotions in all the grades will also be made at this time.

MANY ABSENCES—The reports show that there has been a great deal of absence since the Xmas vacation.

PERSONAL MENTION.

Gidd M. Wilson is visiting Mr. and Mrs. J. Walters of the Standard Clothing company.

Mrs. Hessie Van Meter is improving very slowly.

Engineer Siffler is in the city for a few days.

Mrs. John Ward is very ill at her home in this city, and her many friends wish her a speedy recovery.

Mrs. Byron Hames is improving very nicely and if no more dangerous signs appear she will soon be able to be up.

H. B. Quimby is in Pueblo for a few days on business.

Mrs. S. B. Stuart, of Cripple Creek, is down visiting H. B. Quimby for a few days.

Judge McCoach has returned from Denver.

Miss Smith entertained at the home of W. P. Epperson last Tuesday night. A nice crowd was present and all express themselves as having enjoyed the evening very much.

Nannie Stites has been sick for the past week.

Ruth Murphy has moved to Little Rock, Arkansas.

Mrs. Hillyer was a visitor of the second grade last week.

CASTORIA.
Bears the Signature of Chas. H. Fletcher. The Kind You Have Always Bought

Amusements

"THE BURGOMASTER."

Among the pleasing attractions booked for the Opera house is that ever-popular and effervescent musical comedy, "The Burgomaster," next Wednesday. Although "The Burgomaster" lays no claim to being an opera, still from an artistic standpoint, it is said to have more right to the significant title than many so-called light operas of today, inasmuch as the comedy contains twenty-four original musical numbers, many of them being of that light, fascinating and swinging movement that is so easily memorized and whistled after having been heard once, and although the authors, Frank Pixley and Gustav Luders, have succeeded in associating wit, beauty and song, so harmoniously, they have also shown a most beautiful regard for each other's talent and welfare, respective of the other's personal gain, which is something unusual and seldom seen in any musical production, when the result of more than one author's pen.

This is the original celebrated "all star" aggregation that has been playing in the large cities during the past two seasons and enjoyed the phenomenal record of one hundred straight weeks, without a break.

"YON YONSON."

Reports from the places where "Yon Yonson" has played this season seem unanimous in stating that this year's production and performance of the Swedish-American comedy both are superior in quality to the presentations of former years. "Yon Yonson," as far as a popular success and longevity on the stage are concerned, is now in the same class with "Way Down East," "The Old Homestead," "Rip Van Winkle," and "Monte Cristo." This Swedish-American comedy is now in its eleventh year of uninterrupted success. One of the reasons for its long life is the simple but very human story on which the play is built. The part of Yon Yonson is this year played by Mr. Nelse Erickson, a young Swedish-American actor, who has played with profit both in New York and in Stockholm. Among Mr. Erickson's associates are Harry Bond, Harry B. Roche, Louise Jeffries, Florence Gear, Patti Rosa and Belle Dolan. The management has provided "Yon Yonson" with a complete new production this year. "Yon Yonson" will be seen at the Opera house on next Tuesday evening.

SHORE ACRES.

Herne's beautiful play, "Shore Acres," will be seen at the opera house tomorrow evening.

The power of quiet methods when they are true to nature and the principles of art is admirably illustrated in James A. Herne's homely play, "Shore Acres." There is little in the play that is dramatic in the conventional sense, yet it is of intense interest. The story is simply told, and it is seldom that the voice of any of the actors is raised above the conversational tone, yet there is scarcely a moment when the attention of the audience wavers. Few plays have a more effective ending than "Shore Acres," with the moments of absolute silence, when the good "Uncle Nat" closes up the old-fashioned house after everyone else has gone to bed. No one is disposed to leave the theater before the curtain descends on this last scene, when no word is spoken and when "Uncle Nat" has the stage alone. Mr. Herne has drawn his characters true to several New England types. They are real flesh and blood men and women. That accounts for the continued success of the play. An important feature with such a play as "Shore Acres" is its interpretation. Mr. Herne always believed in employing capable players and he never permitted any indifferent or slovenly work. Mrs. Herne, it is said, is even more careful in her selection of the players for the many character roles in this attractive work. An ideal representation of Herne's masterpiece is to be given.

WISE Y'S—The Wise Y's will meet Friday, January 23, 1903, at the home of Miss Parry, 811 North Weber street. A good program has been prepared, after which there will be games and refreshments. A large attendance is desired.

HERPICIDE

Destroy the Cause, you Remove the Effect

Newbro's Herpicide kills the dandruff germ which causes falling hair, and, finally, baldness. No other hair preparation kills the dandruff germ. Stop dandruff, there'll be no falling hair, no baldness.

DICKINSON, N. D., Nov. 8, '00.
Have been using Herpicide, and have used about one-third of a $1 bottle, and find that it does all, and even more, than you claim for it. It not only cleanses the scalp from dandruff and prevents the hair from falling out, but promotes a new growth. Have only used the quantity mentioned, and have more hair on my head than I have had for years. I also find that it keeps the hair soft and glossy.

CLAIRVOYANT

THE PHILOSOPHY OF CLAIRVOYANCE

It is a method of such delicacy, producing results of so great an interest to the public.

MADAM BELL
has had the most wonderful success and begs the attention of those who are in trouble to give her an opportunity to assist them out of their dilemma, and she will astonish all by her marvelous power to penetrate the mysteries of the future and reveal the past. Her ability to do so excites the wonder of the most skeptical. Call and see her and be convinced.

WEATHER FORECAST.

Washington, Jan. 22.—Forecast for Colorado: Snow and colder Friday. Saturday fair and warmer in northeast portion.

Satisfied people wear Ashby's spectacles.

A. F. AND A. M.—Stated convocation of El Paso lodge No. 13, A. F. and A. M. this evening at 7:30. Visitors invited.

YEOMEN—Open meeting tonight in Woodmen hall. Musical and literary program, presentation of national prize banner and an social dance. Music by Fink.

SALE BOND—A bond for a sale was filed with the county clerk yesterday whereby Alice L. Dodge agrees to sell to Michael E. Poe lot 6, block 145, Colorado City, for a consideration of $2,500.

WOMAN'S UNION—The foreign missionary department of the Woman's union will hold their monthly meeting at the First Congregational church on Friday afternoon, January 23, at 2 o'clock.

IMPROVEMENT SOCIETY—The Precinct Thirty-one Improvement society will meet this evening with Mrs. M. S. McCoombs, at 839 E. Kiowa street, at 8 o'clock promptly. All property owners and all who are interested in improvements on the east side, are cordially invited to attend.

AFFIDAVIT FILED—Frosty W. Clemens yesterday filed an affidavit in the office of the clerk of the county court showing that he has done $100 worth of improvements and labor upon the Floyd, Drummond's Club and the Gold Bug claims, in the Cheyenne mining district.

PIE SOCIAL—The pie social given by the Epworth league of the First Methodist church last night was well attended and a very pleasant time had by the young people. Pies of all kinds were served free of charge. Games and a musical program also helped to pass away the time.

FOR OVERCHARGING—Charles McDermott, a hack driver, was fined $25 in police court yesterday on a charge of violating the city ordinance relating to hack charges. It is claimed that he hauled four passengers to the north end of the city and assessed them $1 each. There is a city ordinance which provides that no charge exceeding 50 cents shall be made by a hack driver for a haul within the city limits.

PRIZE ESSAYS WERE SUBMITTED YESTERDAY

The essays on patriotic subjects for the prize recently offered by the members of the Junior Order of United American Mechanics, were written yesterday by the pupils of the sixth and seventh grades of the public schools. The essays were upon different patriotic subjects, and according to the rules of the contest, were composed of not less than 200 nor more than 250 words.

The papers will be looked over by Superintendent Dietrich and a committee of the Jr. O. U. A. M. and the winner announced in a few days. The prize will consist of a medal or a set of books.

REAL ESTATE ACTIVITY IS REPORTED BY HASTINGS BROS.

Hastings Bros. report the sale of lot 1, block 7, Hastings Bros. Fourth addition, from that firm to Mrs. Emily V. Bierbauer, for a consideration of $600. Hastings Bros. will erect a cottage of five rooms and bath upon this lot for Mrs. Bierbauer, the cottage to cost about $2,000. The plans are now being prepared and the work of construction will begin soon.

This firm also report the sale of the four-room cottage on lot 8, block 21, Hastings Bros. Fifth addition, to Chas. E. and Ed. Carlson. Consideration, $1,375.

Also lot 21, block 1, Hastings Bros. Second addition, from Frederic R. Hastings to D. R. and Frances Palmer. Consideration, $1.

ADKINS DID NOT TELL ON WHOSE GROUND HE FELL

In the district court yesterday the North End Land company, defendant in the case brought for damages against it and the Rock Island Railway company by S. M. Adkins on account of injuries alleged to have been sustained by him in falling into an excavation on North Tejon street, filed a motion requesting that the plaintiff be required to make his complaint more definite and specific. It asks that he be required to state whether he fell into the excavation on the property of the railway company or of the Land company.

An amended answer was filed in the case of Faubie Balck et al. vs. Bessie Sperry and Marjorie C. Sperry.

Notice was filed by the plaintiff in the case of Sydney A. Pierson vs. the Colorado Springs & Interurban Railway company that the motion filed by the defendant will be called up Monday.

THE FIRST DAY OF OUR [illegible] SALE

WAS A TREMENDOUS SUCCESS

You nearly swamped us yesterday. We're sorry that we were compelled to close the doors during the afternoon rush, but our aisles became so jammed that it was impossible to do business. As some persons remarked, "It was a regular 'holiday rush.'" We prepared for a big business and hired plenty of extra help, but we did not prepare for such a tremendous jam as we had all day.

We would advise you to "Come Early and Avoid the Rush." Store open 8½ a. m.

R. ASHBY,

Optical Jeweler.

12 N. Tejon St. Tel. 806.

COAL—COAL—COAL

Tudor Coal

Is the best Lignite Coal on the market and is given up to be the best by the hundreds that have used it this winter. 75 per cent of the people use Tudor Nut in their ranges and cook stoves, and for furnace coal it is the very best, and J. Hagen & Co. are not in the coal business and sell it at living prices. They alone are responsible for the cut in coal, and the public should appreciate the fact and buy their Lignite Coal from them—not for that reason alone, but because they sell Bell's Coal for less money than anyone else in the city.

Tudor Lump.....$2.75 per ton, One Half Ton ...$1.50
Tudor Mine Run..$2.25 per ton, One Half Ton ...$1.40
Tudor Nut.....$2.00 per ton, One Half Ton ...$1.25

Try the Tudor Coal, and you will be convinced that it is the best Lignite Coal on earth.

Wood and Kindling of all kinds.
